

◆ **Excellence Through Partnership** ◆

“We will work together to develop individuals who are ready to make a difference for the better in the world”.

We are a school where:

Partnership between the school, local and wider community enriches the learning experience

Achievement is seen as a good thing and students aim high

Relationships are built on mutual trust and respect

Teaching and learning are innovative, personalised and always excellent

No one is excluded from learning

Every child matters

Responsibility for behaviour is accepted by each individual in the school community

Standards are high in every sphere

Happiness, health and safety are key to the success of learners

Interest in facilities and technology promotes effective, flexible learning

Potential is realized and valued in all aspects of school life
