Dear Parent / Guardian

'Get Outside the Classroom' is delighted to be introducing itself as the Duke of Edinburgh's Bronze & Silver Awards provider for Tarporley High School 2018/9.

We have been into school and spoken to Years 9 & 10 assemblies about the Award to make them aware of the opportunities it offers and the benefits of taking part. You are reading this letter because your child has a desire to complete the award and needs your consent to enrol.

The support we offer to the school comes in two parts;

In school sessions which will be delivered by Richard Bailey who is your dedicated DofE facilitator. He is a local retired teacher with a wealth of experience in leading DofE groups. He is well known to the school and will be the point of contact for parents and participants throughout their programme. Richard will be running dedicated sessions in school on specified Wednesday afternoons supporting participants' choice of activities and approving evidence uploaded to their eDofE account. He will also be part of instructional team delivering the expeditions and can be contacted via his direct email richard@getoutsidetheclassroom.co.uk

We will also be running the expeditions themselves. Each Participant must attend both a training expedition and a qualifying expedition. During the training expedition participants will walk accompanied by an instructor who will teach them how to navigate through the countryside effectively and lead them through scenarios which will leave them in a position to independently carry out their own planned route for a final qualifying expedition.

Get Outside the Classroom understands that to take part in the award involves not just the initial signup, training and expedition costs, but also inevitably there will be visits to Go Outdoors, Cotswolds or other retailers to procure some of the kit required for the expeditions. Get Outside the Classroom will supply tents, stoves and fuel to all participants as a matter of course. As a company we are committed to proving a quality experience at great value and as such we are also able to loan rucksacks, water proofs and sleeping mats to all who wish to use them. Requests for equipment will be taken during the pre-expedition training days and equipment will then be available at the start of the expeditions themselves.

Bronze Award.
