Though not necessarily in school regularly and attending lessons in July and august of Year 11 & 13, the policy is still applicable.
- 2.3 The policy has been reviewed in line with the recently published DfE guidance document 'Careers guidance and access for education and training providers Statutory guidance for governing bodies, school leaders and school staff. (DfE, January 2021)

- 2.6 This policy refers to events and opportunities in all Key Stages and in all years and these events will impact upon all students at the school.
- 2.7 All members of staff at Tarporley High School & Sixth Form College are expected to be aware of this policy and the importance of Careers Education, Information, Advice and Guidance (CEIAG) in the education of students; CEIAG is not the sole responsibility of the Careers Lead and Careers Adviser.
- 2.8 It is important therefore that students leave school aware of themselves as individuals, aware of the opportunities available to them and able to make some decisions about their own life. They should be prepared for the transition from full time education to the world beyond. It is to these aspects of personal and social development that this policy will contribute.

Tarporley High School & Sixth Form College Careers Programme RationaleAppendix 2

Career related learning contributes greatly to student achievement within the school by raising aspirations, confidence and motivation. It supports the school's high aspirations for students to achieve beyond their own expectations at both GCSE and A Level, by informing them of the range of pathways available and raising awareness of the workplace skills and careers relevant to curriculum subjects they study. As well as engaging and inspiring students in the world of work through employer encounters and educational visits. **Current destination data suggests that over 90% of students attend either school sixth form, a local sixth form college or a further education establishment, key focus is to ensure students are fully informed on the full range of options.**

At the heart of the school priorities is the requirement to provide students with a range of opportunities beyond the core curriculum which support their development so students are fully equipped for the next phase of their lives. Career related learning delivered through the core curriculum, tutor sessions, enrichments and PHSE mornings can help students understand the relationship between their own employability skills and the needs of the local labour market, and improve students career management skills. The co-ordinated and sustainable programme allows students to see skill progression and empower students to make informed choices at transition phases. This leads to more confident, motivated students focused on achieving beyond their own expectations. improving engagement from some students who may have become disengaged during these phases. **Tarporley sits within the Cheshire & Warrington and key to the careers programme is the growth sectors within the area, the skills shortages and the impact on covid on the local labour market. The programme will aim to promote awareness of jobs, skills and careers within the local area.**

A key priority for student development within the school is to address early disengagement of students. Careers related learning offering good quality careers advice, workplace experiences, understanding of skills and local labour market information and possible future pathways helps to improve engagement for these students. It facilitates the transition from primary to secondary school by providing a programme of activities addressing the challenges of transition, helping to improve career exploration and wider engagement in learning in years 7 and 8, whilst attempting to prevent attainment dips common during this phase. Working closely with the SENCO and pastoral leaders, students will be identified from an early age and additional opportunities and support programmes will be consider where appropriate.
