

Dear Students, Parents and Carers,

Welcome to the second edition of our Careers newsletter for this academic year.

In this edition:

- Our careers programme pg. 2
- Y9 GCSE options support pg. 3
- Useful career pathways websites pg. 4
- Apprenticeship opportunities pg. 5
- Virtual work experience opportunities pg. 9
- Employer encounter opportunities pg. 13

Our school careers vision:

Students at Tarporley are self-aware, curious and open minded to explore opportunities and make well-informed decisions. Students learn career management skills to successfully transition to the next phase and beyond. Students aspire to achieve positive career outcomes and make valuable contributions to society as they progress onwards with their journey.

Please visit the [careers section](#) of the school website for further information and support for both students and parents.

The Careers Team

Mrs Rowlands, Careers Lead

Responsible for delivery of the school's careers programme and holds an overview of careers provision for the Gatsby Benchmarks.

Mr Nuttall, Student Development SLT

Assistant Headteacher with responsibility for student development, including Careers provision.

Mrs Robson, Careers Adviser

To provide impartial information, advice and guidance, helping our students to make realistic choices about their education, training and work.

Where can I find out more information about careers in school?

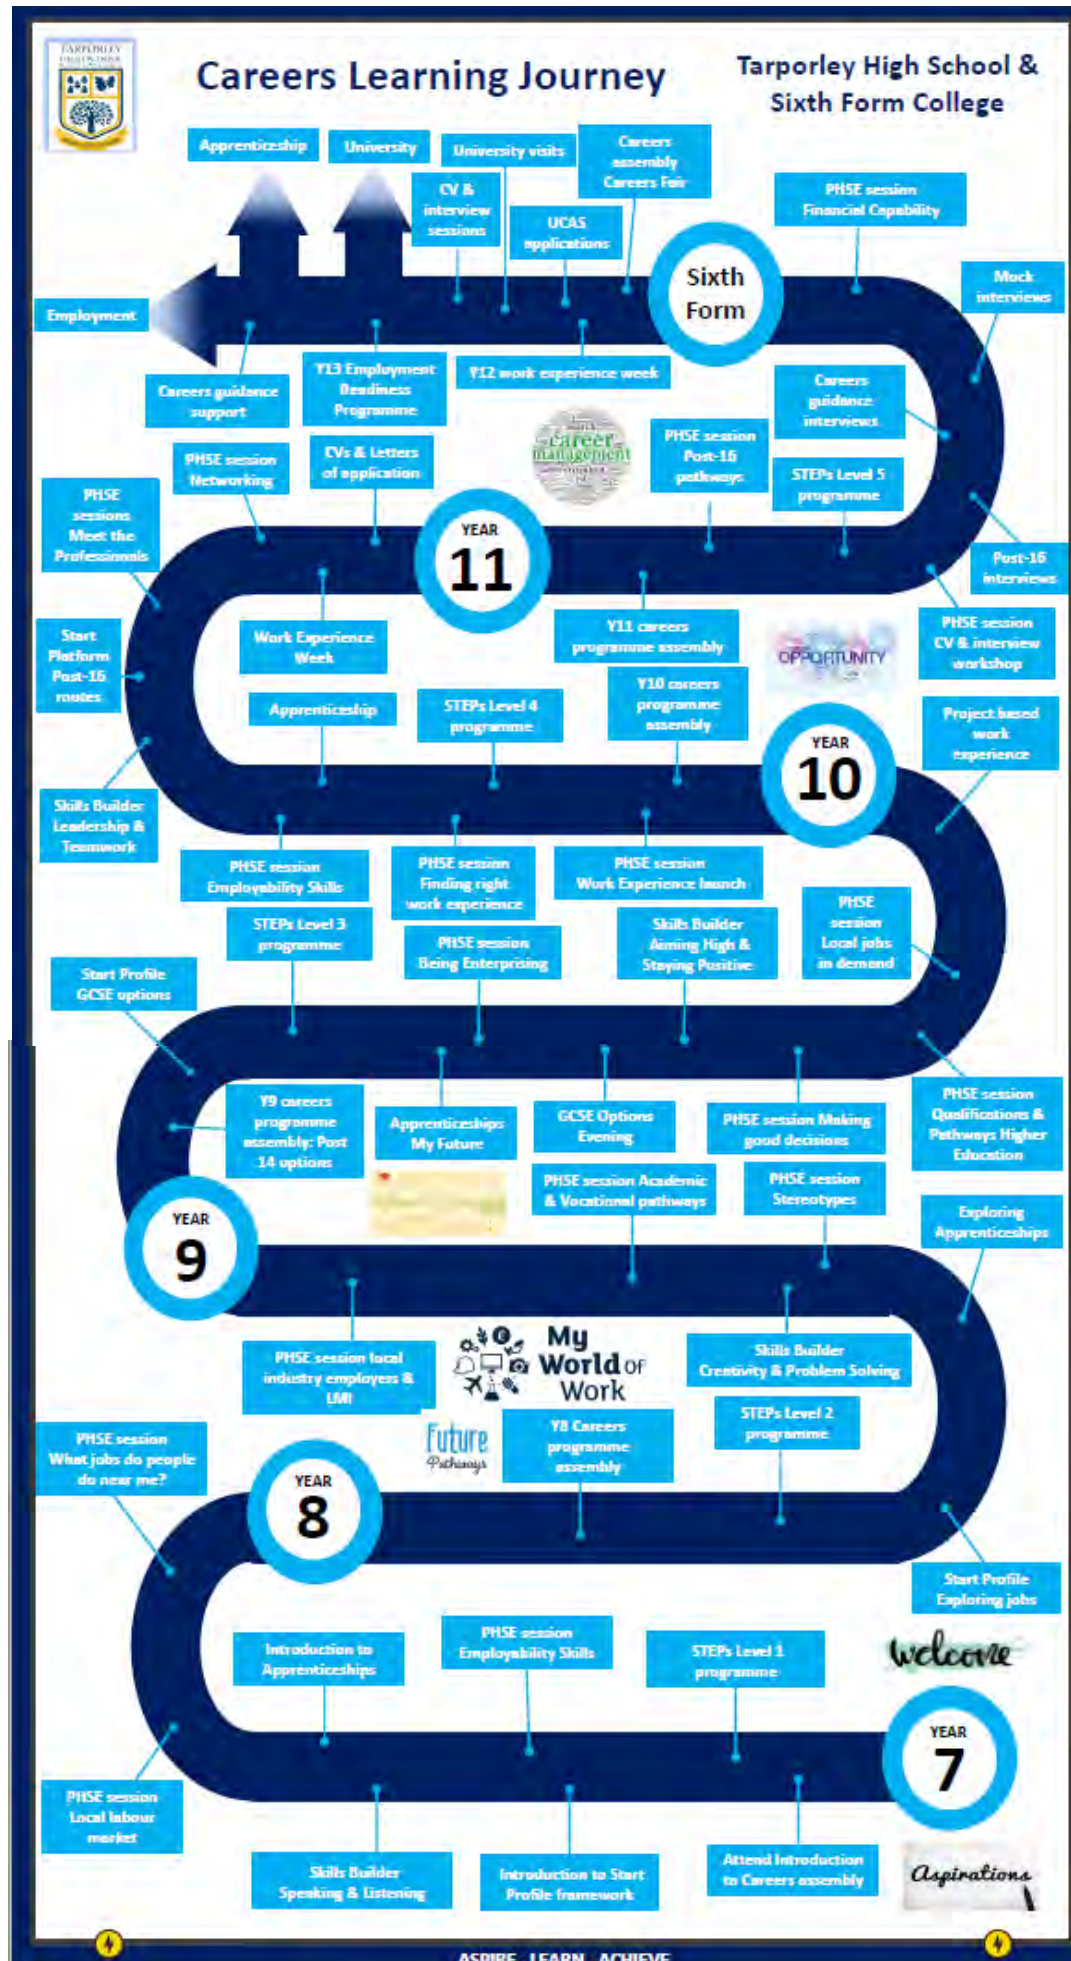

Parents, students, staff and employers can access the [Careers Section](#) on the Tarporley High School website.

Students can also access the Careers area on the VLE

Look out for careers displays in your subject areas

Careers noticeboard outside Careers office

Our careers programme

Y9 GCSE Options

Next term, is an important time for our Y9 students as they make their option choices.

There are a number of online resources available to support students with these important decisions, students can access a range of resources in the Y9 Options Folder on the Pathways and Careers section of the VLE by clicking the link [here](#).

Resources include:

- 2021 options booklet (the 2022 version will be available in the coming weeks)
- Guidance PowerPoints:
 - Investigating the different options subjects
 - Different qualification and pathways
 - the importance of good decision making.
- Subjects Digital Guides – students can access digital guides for most subjects here, the guides provide information on skills gained from studying the subject, why to choose the subject and future qualifications it can lead to and, future job roles and careers the subject may lead to.

Additional guidance on pathways can also be found on the [Careers section](#) of the school website.

Useful career pathways websites

Where can I find out more information about my choices?

Start Profile - www.startincheshireandwarrington.com

The front page to the platform provides parents & students with information about the local labour market. Proceed to log in to access the platform itself.

**SETA will be having an
Engineering
Apprenticeship
Recruitment
Open Day on
Wednesday
26th January 2022**

SETA
Training & Advisory Services Ltd

**Doors open from
10am until 8pm
Last guided tour 7:30pm**

After the last couple of years never has it been more important than to plan for the future. Engineering is in everything we do, most of the things we take for granted require engineering at some stage. Be it environmental, cleaner energy, healthcare, food production, water and utilities, travel or pharmaceutical, we will always need engineers!

Apprenticeships are a fantastic way of earning a real wage whilst you are learning your trade and gaining your qualifications. Engineering offers great employment prospects. The average salary for newly qualified engineers is well above most other sectors. If you follow the correct career pathway you could soon find yourself on the way to earning in excess of £50,000 a year!

Our fantastic recruitment department will help you every step of the way to finding the right apprenticeship for you.

Come along to our open day, see the facilities, meet the staff, current engineering apprentices and recruiting employers

*see website for details of exhibiting employers.

HSBC Apprenticeship Opportunities

We are still live with various Foundational Apprenticeship opportunities within our Branch Network. To view and apply, visit UK Apprenticeships page UK Apprenticeships | HSBC Holdings plc. Applications are open until 12th of December.

TTE Training Ltd

Our TTE Level 3 Engineering Apprenticeships applications are now OPEN!

The closing date is 28th February 2022. Any students that may be interested can apply on our website [Engineering Apprenticeships, CCNSG and Compex Training \(tteltd.co.uk\)](https://engineeringapprenticeships.ccnsf.co.uk)

Apprenticeship Opportunities

Unilever R&D in Port Sunlight are advertising for level 6 (degree level) apprentices for a September 2022 start date.

All schemes are 4-5 years with 20% off the job training (1 day per week) and face to face residentials at University.

There are 4 schemes we are recruiting for right now and all are advertised at:

<https://careers.unilever.com/uk-apprenticeships-research-and-development>

The schemes are:

Laboratory Sciences (Chemistry Based)

Degree via Manchester Metropolitan University; Students will be placed in a working project team from day 1 and will have the opportunity to experience different areas (which could be scientific research; product development; consumer insights) and across different groups working on brands such as Tresemmé; Dove; Domestos; Persil and Comfort

Chemical Engineering

Degree via Chester University; Students work in a processing team and will have the opportunity to work across different brands and also within supply chain (utilising the factory site across the road from the R&D site)

Data Science

Degree via York St John University; Students will work across digital groups and within other areas working with large digital data sets as part of the Unilever digital transformation programme, also with the opportunity to work in the Material Innovation Centre (MIF) which is a shared facility with Liverpool University

Packaging Professional

Degree (engineering) via Sheffield Hallam; Students will work fully in packaging groups but across different products – looking at new and sustainable packaging solutions for both homecare and personal care as well as working in the new Advanced Manufacturing Centre

Virtual Work Experience Opportunities

Speakers for Schools virtual insight days and virtual work experience

Allied Healthcare National Healthcare Weekend March 22

We are excited to announce that the UK's largest Healthcare Careers fair is back for 2022 and this time it is virtual for greater accessibility and there are E-learning options for students who are unable to attend the LIVE dates. The opportunity is open to students in 10-13 year.

This is a fully packed weekend with an opportunity to virtually meet a variety of healthcare professionals, learn from admissions experts about how to strategically choose a university course, write a personal statement, navigate interviews and apply for healthcare apprenticeships!

You can register here: <https://alliedhealthmentor.org/national-healthcare-weekend/>

National Healthcare Weekend will be taking place on the 19th and 20th March 2022 online, via your own unique portal!

The great thing about attending the weekend Live is that you have the opportunity to speak to a variety of healthcare professionals virtually via zoom. However, if you are unable to attend the LIVE event, you can opt to register for the NHW E-learning course which will be available throughout April for you to watch all of the recorded talks.

All students will receive a certificate of attendance. This event is something that you can list on your UCAS application under the section entitled 'what courses have you attended that prepare you for higher education'. Therefore, attending the event (LIVE or via the e-learning) is useful for your UCAS application!

Students can register for 1 LIVE day for £25 or both days for £45. Alternatively, students can opt for the E-learning course which is £10.

Year 11 students have the fantastic Opportunity this summer to attend the NCS programme – scan the QR code For more details

NCS this summer?

All the info you need to grab your spot is on our website...just follow our QR code! But here's a quick run down in case you can't wait:

WHEN?
Loads of dates, all over the summer holidays.

HOW MUCH?
The most you'll pay is £50. Bursaries are available. Check our website for info on eligibility.

WHAT'S NEXT?
Head to our website, pick your dates and make a payment. Simple!
