Careers Newsletter

Dear Students, Parents and Carers,

Welcome to the third edition of our school careers newsletter.

In this issue, students and parents can access a vast array of virtual work experience opportunities and virtual employer encounters. In the absence of physical face-to face opportunities this year, I would encourage all students from Y9 upwards to consider undertaking a virtual work experience programme over the coming months.

For students in Year 11, please find dates for upcoming virtual college open events and information regarding careers adviser interviews this half-term. Provision will continue to be delivered remotely and will now take place on a Wednesday and Thursday after school from 4pm-6pm. Students and parents will be emailed appointment times in advance.

Information regarding employer encounter events and summer internships is available for all students.

The latest issue of the Careers Mag for Parent is now available on the [school website](#)

The latest issue of the Careers Mag for Students is now available on the [school website](#) and on the [VLE](#) for students.

Kind regards,

Mrs Rowlands

The Careers Team

Mrs Rowlands, Careers Lead

Responsible for delivery of the school's careers programme and holds an overview of careers provision for the Gatsby Benchmarks.

Mr Nuttall, Student Development SLT

Assistant Headteacher with responsibility for student development, including Careers provision.

Mrs Robson, Careers Advisor

To provide impartial information, advice and guidance, helping our students to make realistic choices about their education, training and work.

Where can I find out more information about careers in school?

Parents, students, staff and employers can access the Careers Section on the Tarporley High School website.

Students can also access the Careers area on the VLE

Careers boards located inside year group zones

Half-termly newsletter for students, parents and staff

Our careers programme

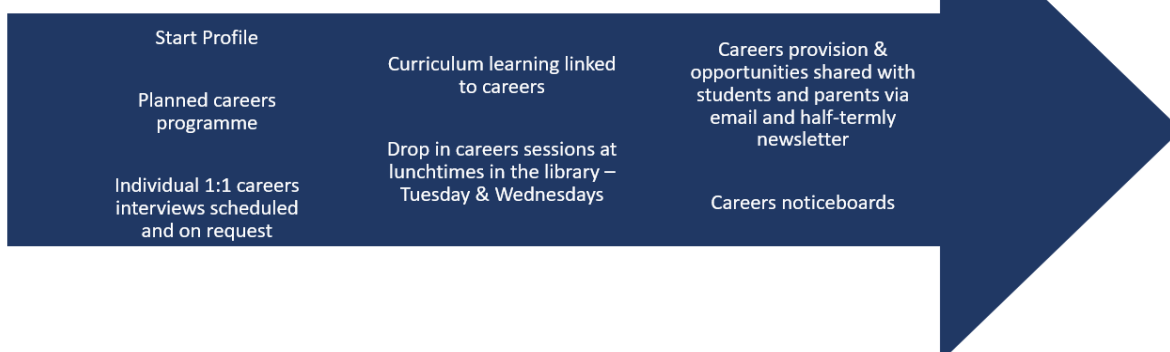

Career Education, Information, Advice and Guidance (CEIAG) contributes to student achievement by raising aspirations, confidence and motivation. Our careers programme informs students of the range of pathways available and raises awareness of the workplace skills and careers relevant to curriculum subjects they study. As well as engaging and inspiring students in the world of work through employer and educational encounters and visits.

Career related learning provides our students with a range of opportunities beyond the core curriculum which support their development so students are fully equipped for the next phase of their lives. Delivery through Aspire days, tutorial programme and curriculum areas, helps students understand the relationship between their own employability skills and the needs of the local labour market, whilst improving their career management skills. Our careers programme allows students to see skill progression and empowers them to make informed choices at transition phases through impartial careers advice.

Our careers programme is as follows:

Open to all students in years 7-13

Post -16 Options

Careers Guidance Interviews

Our Careers Guidance Interviews will continue to operate remotely and appointments will be made and conducted using Microsoft Teams.

Our Careers Adviser will conduct 30-minute interviews which will now take place each week on a Wednesday and Thursday after school from 4pm – 6pm. Students and parents will be informed of when the interview will take place and the careers adviser will send the student a Teams invite to attend.

Students and parents will be emailed a copy of the guidance notes.

College Open Events

Warrington & Vale Royal College Virtual Open Evening

Warrington and Winsford campuses: Wednesday 24th March. At a Virtual Open Evening you can view exclusive videos, discover our wide range of courses and get a feel for college life. You can take part in live Zoom talks with our knowledgeable course tutors.

Barclays Apprenticeship Programmes

Apprenticeship Programmes are now open for candidates to apply directly and we would encourage application as soon as possible, with our final-stage assessments taking place in April 2021. Below are all of the links for each programme and a reminder of our minimum academic/eligibility requirements. All vacancies are now visible on our website (<https://joinus.barclays/eme/apprenticeships/>) You will be able to review all programmes by visiting https://barclays.taleo.net/careersection/9/jobsearch.ftl?lang=en_GB . These links will take applicants straight to the registration page to apply. We encourage potential candidates to review all content on our website before applying to ensure they are comfortable with the programme/pathway they are applying for.

Local employer engineering apprenticeship vacancy

MULTI-SKILLED ENGINEERING APPRENTICESHIPS

This is an exciting time to be part of the Engineering Department within Compass Minerals at Winsford Rock Salt Mine, playing a key role in our journey to provide expertise in optimising, integrating and supporting mine operations. Our purpose is to improve the competitive advantage of Compass Minerals through the use of technology and our Apprentice Programme focuses on recruiting and developing our Technicians of the future.

As a Multi-Skilled Engineering Apprentice, you will work closely with all areas of the operations, focusing mainly on the engineering applications. By supporting you to gain NVQ and BTEC qualifications, the programme will help you to develop as a multi-skilled engineer working on a range of mechanical and electrical equipment. You will spend the majority of your working week on site at the Winsford Rock Salt Mine and a day a week studying at a local college.

Candidates need to have:

- A minimum of 5 GCSEs including Maths, English and Science Grade C or above (minimum of a 'B' in Maths is preferred)
- Enthusiasm and willing to learn
- Normal colour vision
- An adaptable outlook with a flexible approach to working patterns
- Excellent verbal and written English skills
- Problem solving, analytical and numerical skills
- Maturity and personable with the ability to work as a member of a team
- Interest in technology, computers and engineering (both mechanical and electrical)

We have received an engineering apprenticeship vacancy from Compass Minerals based in Winsford.

Student who may be interested in this opportunity can find a more detailed copy of the job advert on the [VLE](#).

[Females in Engineering Virtual Event – 23rd March](#)

KONE is hosting a virtual open evening on 23rd March 2021 for young females and their parents to find out more about a career in engineering and apprenticeship opportunities available at the firm. It's your chance to find out where a career in engineering can lead you and be inspired by the other young females who are already forging their paths.
