## 1 STUDENT PARTICIPATION IN TEAMS SESSIONS

Working across a video-conferencing platform is something new and exciting for everyone involved. However, in working in this way all the students and staff involved need to understand expectations and matters of safeguarding. Despite the fact that you will be in your home, you should consider video-conferencing to be part of school. As such, our school rules apply:

- We respect ourselves, each other and the school community
- We are safe and act responsibly
- We are ready to learn and make progress.

### Positive and Safe Behaviours

- Conduct yourself as you would in a lesson or classroom.
- Maintain appropriate language and body language.
- Wear appropriate clothing and choose an appropriate location.
- Have good punctuality and manners.
- Refrain from personal comments – especially regarding the location of other students.
- Respect everyone's opinion.
- Do not generate comments or content that hinders the good order of the session e.g. unnecessary messaging in the chat.
- Allow the teacher to lead the meeting using the structures and processes they choose.
- A meeting is private and cannot be recorded or shared – all content is subject to the same policies regarding behaviour and use of technology that we have in school. School sanctions can reasonably be applied to behaviour that breaches our policies.
- Do not use the Teams application to contact teachers at any time other than a designated meeting time.
- Other family members should not contribute or be involved in the meeting. We understand that other people may well be 'seen' on screen in some households, but they cannot be involved and you may be removed from the meeting if this occurs.

### Cooperation Protocols

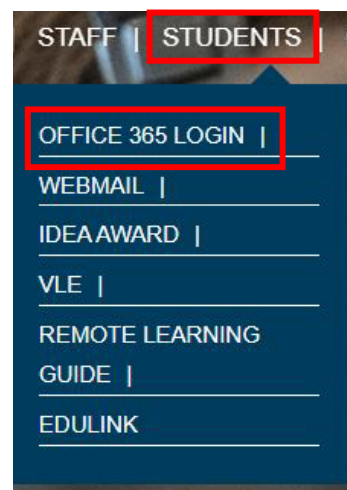

- You may be asked to mute your microphone for a period e.g. while a form tutor shares a message or a teacher talks through an idea. This aids sound quality for all.
- Where appropriate, if you want to contribute to the discussion use the 'raise your hand' facility and then unmute your audio. This will ensure that everyone gets their chance to speak without everyone talking over each other.
- Please follow any systems or turn-taking structures the teacher uses.
- You can ask questions using the chat facility.
- Be an active member of the group.
- Hang up promptly when the meeting closes.
