

Careers Update

This time of year presents a brilliant plethora of careers opportunities available for our students to capitalise on. This coincides with the build up toward work experience. Thanks to all those who have already found placements for work experience. For those who are still yet to place, please continue to work towards our internal deadline of 21st January.

The following document will present opportunities that are available to register for now and some can be found during the work experience week. These may be perfect to do **additionally** to your placement (not instead of).

As well as showing opportunities that are available during work experience week, this document will share other opportunities that can be accessed at any point **as extra** to work experience week. Any extra engagement and course completion should be shared with tutors so we can have an active record of involvement.

Work Experience week opportunities - Events on 7th-11th March

Please be aware that many of these opportunities are one day events and may only cover a few hours. They may be useful as filler tasks during work experience week, but will need to be completed alongside other placements or opportunities.

University Events

Manchester Spring 2022 Fair

Friday 04th February 2022 - Old Trafford

Event Time: 9.30 am - 2.30 pm

Venue: Manchester, Old Trafford Stadium, M16 0RA

Our Spring Manchester Fair is the perfect way for students to choose which university or apprenticeship is right for them.

Aimed at students in years 13, 12 & 11, this exciting and informative event will provide attendees with the opportunity to speak to a multitude of exhibiting universities and apprenticeship providers. These will include; **Russell Group, red brick and modern institutions**, as well as **apprenticeship providers and local colleges**.

The fair will feature a wide range of vital **seminars** including: UCAS Personal Statement & Application Advice, Why take an Apprenticeship, Choosing a University Course, Higher and Degree Apprenticeships and Student Finance.

The event is ideal to inspire and motivate Year 12s and 11s who are starting to make decisions about their post-18 education and career choices. The fair is also a great opportunity for any undecided Year 13s who need help and guidance. Please note this event is not suitable for year 10 students.

The event is completely **free** to attend.

Vocational and Apprenticeship Events

National Apprenticeship Week 2022

- National Apprenticeship Week 2022 will take place from 7 to 13 February 2022
- It provides an excellent opportunity to celebrate apprenticeships and bring the whole apprenticeship community together
- The Week will shine a light on the positive differences that apprenticeships can make to individuals, employers and to the wider economy

The Education and Skills Funding Agency has announced today that the 15th annual National Apprenticeship Week will take place from 7 to 13 February 2022.

The annual week-long celebration of apprenticeships, which takes place across England, will showcase how apprenticeships have helped employers of all sizes and sectors, and people of all ages and backgrounds.

We are encouraging employers to promote the outstanding work their apprentices have been involved in over the past year. We also want to highlight the many benefits apprenticeships bring to businesses of all sizes.

National Apprenticeship Week brings together Apprenticeship Ambassadors, MPs, training providers, EPAOs, apprentices, parents and employers to celebrate the work being done across the whole apprenticeship community, promoting apprenticeships and their impact.

National Apprenticeship Week 2021 was a hugely successful week. Highlights included:

- over 1,200 virtual stakeholder, employer, provider and schools events
- NAW2021 trended #1 on Twitter on Launch Day and achieved over 500 million impressions across the week on social media
- the launch video was seen over 126,000 times across social media channels
- the Prime Minister shared a launch video which was viewed over 150,000 times
- stakeholder toolkits and assets were downloaded over 17,000 times.

The theme of National Apprenticeship Week 2022 will be announced later in the autumn.

More information on National Apprenticeship Week 2022 will be announced on GOV.UK and on social media channels, @Apprenticeships on Twitter and National Apprenticeship Service on LinkedIn.

To find out more about apprenticeships visit the [apprenticeships website](#).

Free Future Learn Courses / MOOCs

<https://www.futurelearn.com/courses>

There are many courses on this site that relate to future careers – some are listed here but if you search you will find many more. All courses are free and you can pay for a certificate but you DO NOT HAVE TO DO THIS. You can reference the courses on any application, including your UCAS application, without having to pay. The courses run with a set amount of hours per week and you do them independently, at times that suit you. Take a look, get ahead and keep a note of everything that you do. Keep your notes too so you can refer to course-specifics in future interviews. Good luck!
